## SUMMARY

---

Currently pursuing a Bachelor of Applied Science in Information Technology through BYU-Pathway Worldwide while building practical skills in web development, cybersecurity, and IT support.

As President of the Student Council at BYU Global Education Centre, I lead teams, coordinate initiatives, and represent students in decision-making processes. My background combines business, technology, and communication skills, allowing me to work effectively with both technical and non-technical audiences.

Seeking opportunities in IT Support, Help Desk, Technical Support, Junior Web Development, and Entry-Level Information Technology roles where I can continue learning while contributing to organizational success.

## EDUCATION

---

### BYU-Pathway Worldwide

*Bachelor of Applied Science in Information Technology*
